

Swep r-MicroTech

-MicroTech Sweep Mop

Clean meets green.

As a worldwide leader in cleaning solutions, we want to provide more than just products which keep sites and surfaces hygienically clean. They should also contribute to a healthy planet as well. That is why we created a whole new series of products. All of them are sustainably crafted and marked with an .

Focused on efficient, hygienic and high-performance cleaning, we achieve the same excellent microfibre cleaning performance and durability now in combination with sustainability: Cleaning smarter and greener whilst adding highest value to your clients.

Swep **r**-MicroTech Mop

r for responsibility

r for resources

r for recycled

A person wearing a red polo shirt with "vileda PROFESSIONAL" on the chest and yellow gloves is holding a blue spray nozzle and a grey microfiber mop head. The background is blurred, suggesting an outdoor or industrial setting.

Made from

30% recycled

polyester

This is

how we did it

The r-process by Vileda Professional:

Post-consumer plastic

Shredded into flakes

Flakes are processed into fibres and yarn

Yarn is processed into mop fringes

Swep r-MicroTech Mop

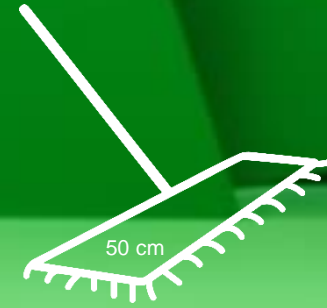

3.5

PET Bottles

are re-used in
